Department of Urban and Regional Planning and Globalization Research Center at the University of Hawaii at Manoa Honolulu, 2011

Being the Vice Managing Director, Trang Vuong is fully responsible for the operation and development of enCity offices in Viet Nam. With the expertise of an urban management expert, she has co-set up enCity offices with the passion to create positive catalysts in the field as well as the ambition to deliver world-class quality, professional, responsible consultancy for investors, governments and local people. She works directly with clients, partners, and team members and builds successful partnerships. Prior to enCity, Trang worked in USA and completed her second master's program at the Department of Urban and Environmental Policy and Planning, Tufts University under Fulbright fellowship. Besides, she's an experienced lecturer at Hanoi Architecture University and an active member of Viet Nam Urban Planning and Development Association.
